FRAMEWORKS / LIBRARIES

.NET • TensorFlow • PyTorch • Flask • Django • React

OTHER TECHNOLOGIES

Git/GitHub • Azure Data Factory
Cisco Packet Tracer • Discord.py

PROJECTS

REST FROM HACK THE 6IX 6 | WEBSITE, 2024

- A website that utilizes music for therapeutic purposes. It connects to the user's Spotify account and plays music suitable for the emotion the user is feeling. Emotion detection is done through AI analyzing facial expressions and text.

SIGNQUEST FROM JAMHACKS VIII | WEBSITE, 2024

- A website that teaches users American sign language through a game. It tracks the location of the users' fingers and checks if the ASL matches the word on the screen.

MEALMATCH FROM JAMHACKS VII | APP, 2023

- An app that connects businesses and restaurants with excess food to food banks. An award-winning project that tackles food insecurity.
